

**In under 10 minutes**, TextCare was able to treat me for a urinary tract infection. **They saved me from a lengthy trip to urgent care!**

**TextCare called in a prescription** for my son's pink eye. I sent a few photos to the provider, and we were treated within minutes. **The provider followed up the next day** to see how the antibiotic was working.

I developed a rash and was worried about it being an allergic reaction. **I sent a text with photos** and was quickly evaluated and treated. TextCare saved me an unnecessary trip to the ER.

I rolled my ankle and thought I would need to visit the ER for an X-ray. TextCare sent an X-ray order to my local outpatient imaging center. That **saved me a lot of money**, and I was able to be treated through TextCare until my ankle healed.

Ever wished you could text a clinician whenever you need? Now you can. **Text, talk, or video chat** with board-certified medical providers **in under 5 minutes, 24/7**. Initiate care by texting **423-427-4473**. **It's that easy.**
